

Southern Yankee Bar-B-Q

8 x 15 Cabin On 24' Concession Trailer

Here's an idea so hot, it smokes! Our cabin concession trailers slowly smoke meat on a rotisserie smoker with hardwood or charcoal (propane assisted cooking available upon request). The end result is delicious barbecue that practically sells itself. All cabin concession trailers are 8' x 24' and come equipped with a full kitchen and a rotisserie smoker included in the purchase price of the trailer.

We recommend that you check with your local health department before buying, and take the brochure with you to determine if there would be any changes needed to meet the requirements of your local area.

These log cabin trailers offer unique opportunities to start your own business with no franchise fee. Operate this log cabin as a mobile restaurant, catering rig, concessionaire, or any combination.
